# 4 MILES OF HOPE <sup>tm</sup> Walk / Run

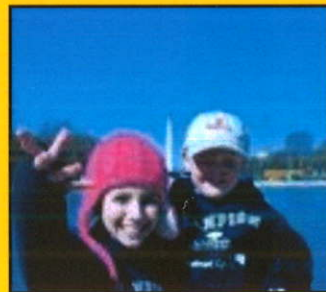

Awareness

Research

**SATURDAY**  
**April 18, 2015**

Family Support

Join **Pearce** and her friends as they take on this 4 Miles of HOPE which is filled with uphill challenges for the seasoned athlete as well as the casual walker, much like the travels of a child with cancer.

**Pearce** is a seventeen year old student from Padua Academy who completed a clinical trial to treat her medulloblastoma (brain tumor). She is compelled to help others as she was helped during treatment.

This event will help kids and their parents through direct financial and personal support as well as to raise awareness to the challenges of coping with this life threatening disease. Please join the **PEARCE Q. FOUNDATION** as they continue to help raise hope.
